RE: Doe et al v. Schuylkill County Courthouse et al, 3:21-cv-00477

Dear Judge Mannion:

I represent defendant, Schuylkill County Commissioner George Halcovage, in his individual capacity. I am writing to request a conference call with you because I believe that a short conversation with all counsel and you may help streamline this case and avoid unnecessary motions that might save us all some time.

These are the issues I think might be resolved in a conference call:

1. The resolution of the plaintiffs' motion for preliminary injunction;
2. Plaintiff's request to file documents under seal;
3. The dismissal of the Schuylkill County Courthouse as a defendant and the substitution of Schuylkill County in its place;
4. The naming of defendants in the body of the Amended Complaint that are not included in the caption; and
5. The removal of redundant official capacity claims.
6. The reference to Jane Does instead of their actual names.

The County's counsel concurs in this request.

Very truly yours,

Gerard J. Geiger
